THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

Cheshire, ss:

To the inhabitants of the Town of Walpole qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on Tuesday, the 13th day of March, next, 1951 at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To chose a Town Clerk, one Selectman, for three years, Auditors, Town Treasurer, Road Agent, Collectors of Taxes, Trustees of Public Funds, Surveyors of Wood and Lumber, Fence Viewers, and all other necessary officers.

Article 2. To raise money for the support of the town poor, for town library, for cemeteries, to build and repair highways and bridges, and for such other current expenses as may accrue.

Article 3. To see if the town will vote to authorize its Selectmen to raise money on notes of the town for current expenses in anticipation of taxes.

Article 4. To see if the town will vote to allow a discount on taxes as has been the custom in previous years.

Article 5. To see if the town will vote to raise and appropriate \$984.31 for Class V roads, the state to contribute \$3,937.25.

Article 6. To see if the town will vote to raise and appropriate \$412.00 dollars to contribute to the Monadnock Region Association.

Article 7. To see if the town will vote to accept such funds or bequests as have been left to it during the past year.

Article. 8. To see if the town will authorize its Selectmen to administer and dispose of and deed any real estate acquired by the town by tax collectors' deeds.

Article 9. To see if the town will vote to raise and appropriate \$2,500.00 to build a new bridge at the foot of March hill.

Article 10. To see if the town will vote to raise and appropriate \$2,500.00 to improve the so-called North road from the top of High street to the residence of Frank Mitchell.

Article 11. To see if the town will vote to raise and appropriate \$500.00 to improve the Green road in North Walpole.

Article 12. To see if the town will vote to raise and appropriate \$2,500.00 for new equipment for Highway Department.

Article 13. To see if the town will vote to discontinue High street from 50 feet above bridge at Walpole Village end to the intersection of roads at upper end of High street.

Article 14. To see what action the town will take in regards to buying a new safe for the Selectmen's books and to raise and appropriate money for the same.

Article 15. To see if the town will vote to raise and appropriate \$500.00 to improve the so-called Tom Kiniry road near Walpole station.

Article 16. To see if the town will vote to raise and appropriate \$518.00 for support of the Elliot Community Hospital, Keene, N. H.

Article 17. To see if the town will vote to raise and appropriate \$800.00 for the support of the Rockingham Hospital at Bellows Falls, Vt.

Article 18. To see if the town will vote to discontinue the road from the Warren Hayes place to the Hewitt road subject to gates and bars.

Article 19. To see if the town will vote to raise and appropriate \$7,000.00 to renew and remedy the drainage condition from School Street to South Street.

Article 20. To see if the town will vote to raise and appropriate \$500.00 to improve the Walpole Village end of the Wentworth Road.

Article 21. To see if the town will vote to raise and appropriate \$300.00 to improve and widen the road leading from Jacob Damaziak's place to the old Dan O'Brien place in Walpole valley.

Article 22. To see if the town will vote to raise and appropriate \$500.00 to protect the shade trees of the town.

Article 23. To transact any other business that may legally come before said meeting.

Given under our hands this sixteenth day of February, 1951.

LOUIS BALLAM,
LAWRENCE W. GRAVES,
JOHN E. AYLWARD,
Selectmen of Walpole.

A true copy. Attest:

LOUIS BALLAM,
LAWRENCE W. GRAVES,
JOHN E. AYLWARD,
Selectmen of Walpole.

REPORT OF SELECTMEN ON SPECIAL ACTIVITIES FOR 1950

A complete recapitulation of all the activities for the past year of your officers or a detailed account of the special projects would be long and tedious reading. In order to conserve space and yet cover the bare essential points we shall endeavor to put before you as precisely and thoroughly as possible the various projects set before us and the results achieved.

Without regard to order of importance we shall treat of the following subjects:

- (1) The Town Dump Problem
- (2) The Town Forest Project
- (3) Hooper Trust Fund Lumber
- (4) Town Hall Repairs and Improvements

TOWN DUMP

At the last session of the Legislature a law was enacted imposing on all towns the obligation of maintaining a public dump. Everyone is quite familiar with the problem which had confronted this town for the past few years in this respect. Matters thus having been brought to a head by the enactment of this law, the voters at the last Town Meeting appropriated \$1,000 for the expenses relative to purchasing a site for a common town dump.

At that time the Commissioners of North Walpole offered the facilities of their dump to the residents of Walpole for a period of time until a new site could be located and procured.

It is needless to go into detail in regard to the problem of selecting a site suitable to all factions. Many locations were considered and visited but each presented its own peculiar and individual feature of dissatisfaction. Finally the committee as a whole composed of a specially appointed group of public spirited citizens and the Board of Selectmen selected the present site unanimously.

Purchase of the land was eventually achieved. Then followed weeks of clearing the deed, surveying for exact

lines and definite boundaries and finally a clear title was obtained. There are approximately 28 acres of land, some wooded, some scrub and a very desirable gravel pit.

The initial purchase price was \$800.00. It cost about \$200.00 to clear the first operating space. Since the purchase we have been able to sell approximately 7,000 yards of gravel to be used in the building of the road to the new High school. Over and above this the Walpole Highway Department has had the use of the gravel pit at no cost to that department. There is moreover, at a conservative estimate, about \$200.00 in lumber standing.

The Town Dump is now in operation that is, it is open to the citizens of the Town of Walpole. But however adequate the facilities may be, no dump can be kept from becoming an unsightly scene, or unseemly sight unless all cooperate to make it so. Experience has shown that regardless of how careful the majority may be a small few can ruin it all. Only the complete cooperation of all can keep this a clean dump.

The problem of a fence around the entrance has been entertained, the cost of the same to be ultimately paid for by the sale of gravel.

TOWN FOREST PROJECT

In accordance with the vote of the last Town Meeting the Board of Selectmen set about "to sell certain parcels or portions of the lumber on the Town Forest in conjunction with and at the advice of a competent forester." In order to comply with this edict the State Forester Mr. Dusseault was chosen as one capable of fitting these qualifications.

Under his direction a survey was made and an area was selected that should be cut. As pointed out in last year's report the bid of \$16.21 per thousand was the highest and the bid was duly awarded to Mr. Hanifin. Our relations with him have been very happy. We have received approximately \$3,600.00 for the lumber sold. In addition there have been set out 4,000 pine trees for the purpose of reforestation in compliance with the terms of the will.

There is also in process the sale of about 300,000 ft. At this time lumber values are at a peak and we deem it advisable, unless restrained by vote, to sell to the best advantage and continue the practice of reforestation.

In connection with this theme of lumbering it is appropriate to remind all prospective cutters of lumber to familiarize themselves with the new laws in regard to cutting practices. Before cutting you must file with the Selectmen a "Notice of Intent to Cut," as prescribed by law.

Another project in line with the Town Forest was the Hooper Trust Fund. With the advice of the same State Forester a systematic project of Selective Cutting was started. From this Selective Cutting 70,000 ft. were cut at a price of \$10.00 per thousand. In this instance selective cutting meant cutting undersized trees of poor quality so that the larger and better trees could thrive.

TOWN HALL

During the discussion of the appropriation of \$1,000.00 for the painting of the Town Hall it was definitely stated that before painting could start, the roof and balustrade on the north balcony must be repaired. It could not be determined at the moment just how much would be needed for these required repairs. It would have been senseless to point without first removing the causes of paint spoilage. The annual report will show the initial cost of repairs of removing the upper balustrade and repairing the Colonial Columns which were completely rotted at the base. Duplication and renovation of the original Column raised the expense.

It was also discovered that the beams at the southwest corner of the building under the kitchen were rotted beyond repair. This necessitated a new linoleum in the kitchen which enabled us to use the old floor but save the expense of a new floor.

For the painting job bids were recieved. The lowest bidder was awarded the contract but before final agreements were arranged the bidder refused the contract. The

next lowest bidder for \$927.00 was awarded to Mr. Baker of Keene. Apparently the results are satisfactory. However as this was merely a one coat job the best results cannot be expected. Your comments on a second coat are respectfully requested.

A problem peculiar to the precinct is also one of prime importance. At the time the road to the High school was started, it was suggested that your Selectmen be delegated to assess damages to property over land to be taken by the State for this purpose. As you can readily realize this was a ticklish proposition. But be it said for the everlasting credit of the citizens of Walpole concerned, they were most cooperative putting the welfare of the majority in priority to their own personal gain. Although considerable time was expended in achieving this result, the time was not considered ill-spent. Many thanks for your kind and considerate treatment to us who had a disagreeable task to perform.

MISCELLANEOUS

Many urgent needs have crept up on us during the past few years. Replacement of bridges, long left uncared for, have had to be replaced. A gradual program of replacement is in the offing. The least painful method of correcting these adverse conditions is being attempted.

This too brief and inadequate explanation of the manifold activities of your officers is but a meager and all too inadequate report of the past year.

We sincerely hope that any and all questions which you may have relative to the operation of Town policy will be presented at the Annual Town Meeting for full discussion.

BUDGET OF THE TOWN OF WALPOLE, N. H.

ESTIMATES OF REVENUE AND EXPENDITURES FOR
THE ENSUING YEAR, JAN. 1, 1950 TO DEC. 31, 1950

We, the undersigned auditors for the Town of Walpole, have examined the report of the library treasurer and find it to be correct.

HAROLD O. PIERCE,
GUY H. BEMIS,

Auditors.

REPORT OF TRUSTEES ON TOWN LIBRARY

The trustees of the library find nothing of particular significance to report in the library routine for the year just past.

Miss Langdon Bellows continues as librarian in Walpole and Mrs. Frances Hogan in North Walpole and we are fortunate to have two women as interested and devoted as they. Their courtesy, cooperation and patience add greatly to the pleasure of those using the libraries.

The service which Miss Bellows volunteers of procuring books from the State Library greatly increases her work and yet she is pleased to render this service and is proud of the fact that two hundred and seventy books have been so borrowed this past year.

In the two libraries over thirteen thousand books were circulated in the year and approximately a third of these were juvenile fiction and non-fiction.

The committee acknowledges the help of Mrs. Walter Clark who on several occasions has volunteered as a substitute librarian.

The November National Art Week Exhibit, this year, was so extensive it escaped the confines of the library building and expanded to other buildings in the square. As an exhibit of local artists and craftsmen it was one of which we were all proud.

The library has been used throughout the year by the Garden Club for its monthly meetings.

Respectfully submitted,
MARGARET P. PORTER,
Chairman.

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the school district of the town of Walpole qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall, in said district on the 13th day of March, 1951, at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose two members of the school board for ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers and agents of the district.
6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
7. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriations of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will vote to transfer the sum received from the sale of old school buildings, voted last year to be used to reduce the bond issue, to a capital reserve fund for future building needs.

10. To see if the District will vote to raise and appropriate a sum of money for the purchase of an additional bus for the transportation of school children.

11. To see if the District will authorize the school board to enter into a contract with the school district of Rockingham, Vt., for the payment of high school tuition.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Walpole School District:

I herewith submit my sixth annual report as superintendent of your schools:

Schools opened last fall with the greatest enrollments of recent years. The largest increases occur in the elementary grades. This trend will continue for several years as the post-war high birth rate peak was spread over a number of years. The slight drop in rate last year may be only temporary due to the present war situation and the increasing number of marriages. This large school population will be entering the secondary grades within a few years and, unless selective service regulations are changed to include teen-age youth, we can expect a number of years of very large high school classes. Another factor which is causing an increase in our enrollments is our new school. People are interested in locating in towns that are progressive enough to provide the latest in school housing for their children.

Miss Anna Hartnett retired last June, after forty-eight years of service to the boys and girls passing through the second grade of North Walpole. Miss Mary Mulcahy has been transferred from the junior high division to take her place. Miss Joyce Marshall of Dover, a recent graduate of the State University, is now teaching in Miss Mulcahy's former position.

Mr. Ralph Potter resigned in June to accept a position as Headmaster of Tilton-Northfield High School. His place is filled by Mr. Victor Sanborn, a graduate of Middlebury college. Mr. Sanborn has had many years of experience in consolidated schools like ours. Mr. Edward McCool, a graduate of Salem Teachers College, is the teacher for the new commercial department. Mrs. Foster, formerly at No. 14 School, is teaching the fourth grade this year, and Mrs.

Hestor Morrissey is teaching the fifth grade. Soon after school started the School Board voted to split the over-large first grade. Miss Mildred Stearns from South Charlestown is teaching the overflow group. We have an excellent faculty this year and progress is good.

The pupils have shown a great deal of interest in the new commercial course. A large percentage of the high school pupils applied for enrollment in these courses. It is planned to make this department largely vocational and of practical value to the pupils, and as training becomes more advanced to provide for actual work experience in business situations. Good results are being obtained in our other vocational departments. Your attention is directed to some of the reports found in the Principal's report.

There is need for serious study of the school facilities in North Walpole. These buildings were constructed in a period when little attention was paid to economy of construction and maintenance, when spacious halls and corridors were considered necessary for architectural beauty, and when such vital factors as light, health and personal comfort were not considered necessary in schools and public buildings. The lighting, heating, and toilet facilities, especially in the Elisha Keep School, are in need of major reconditioning.

This is not the proper time to start an active building program, but consideration should be given to the future and plans made so that these conditions can be remedied when it is possible. The ideal arrangement, and one that will prove most desirable and economical in the long run, would be to have all the grades located in one building. When such a program has been realized Walpole can look upon its schools with pride knowing that it has the best educational facilities available.

SUMMARY OF ENROLLMENTS

January 3, 1951

Grade	K	1	2	3	4	5	6	7	8	9	10	11	12
Village		38	35	34	44	22	35	19	26	17	39	18	19
North		15	17	15	15	18	19	14	13	15			

HEALTH

Inspection of pupils by Dr. William Tatum showed the following defects:

255 pupils were examined.

13 pupils showed a squint of one or both eyes.

12 pupils had sufficient wax in ears to obstruct the canal.

132 pupils were in need of dental care.

6 pupils were advised to have throat and nose examination by their family physician.

1 pupil showed a slight heart murmur.

All pupils are given special hearing and vision tests during the school year.

84 pupils had dental care.

16 pupils had special eye examinations and defects corrected.

2 pupils had tonsil and adenoid operations.

A tuberculosis patch test clinic was held September 27, 1950.

296 pupils were patched.

9 pupils reacted.

15 pupils were X-rayed.

An examination with a violet ray light of the scalp of all pupils at North Walpole and all boys at Walpole was conducted in January, 1951, all pupils were found to be free from ringworm.

STATISTICAL REPORT FOR 1949-50

Total registration	478
Average membership	452.1
Percentage of attendance	93.79
Visits by superintendent	509
Number of pupils not absent nor tardy	21
Visits by citizens and others	968
Half-days schools were in session	356

I wish to thank the members of the school board, teachers, parents, pupils and citizens for their continued support.

Respectfully submitted,
THERON B. THOMPSON,
 Superintendent of Schools.

REPORT OF PRINCIPAL WALPOLE HIGH SCHOOL

Mr. Theron B. Thompson, Superintendent of Schools, Walpole, N. H.

Dear Sir:

I herewith submit my annual report as principal of Walpole High School:

REGISTRATION

	Senior High	Junior High
Number of pupils enrolled	98	48
Boys	52	25
Girls	46	23
Number transferred or withdrawn	5	3
Present enrollment	93	45
Number not absent or tardy	18	12
Number of cases of tardiness	52	7
Percent of attendance	96.55	96.78
Non-resident enrollment	23	2

GRADUATES

The class of 1950, with fifteen graduates, has a high percentage attending colleges and other schools. Two are attending the University of New Hampshire, one the University of Virginia, one Springfield college, two Northampton Business College, one Northfield School for Girls, and one Keene Teachers College. Two are married, and five are working.

SCHOLARSHIP

Walpole High School is fully approved by the State Department of Education, and our graduates have the

same recognition with college admission officials as the graduates of larger schools. An average of 85% is necessary for recommendation to college. The passing grade is 70%.

HEALTH

All pupils in the even year grades were examined by Dr. William Tatem, assisted by Miss Frances Edgett. Those in the even years who play on an athletic team were also examined. Every pupil therefore has a thorough examination by a doctor every second year. Miss Edgett checks eyes, ears, and gain or loss of weight of all pupils each year. The school held a Tuberculosis Patch-Test Clinic in September. All students were patch-tested and those who reacted were X-rayed.

AGRICULTURE

The Annual School Fair was held in September and was sponsored by the Agriculture boys and Home Economics girls. The parade and community exhibits were the highlights of the Fair.

During the year the Future Farmers were very active. The School Orchard and Greenhouse were run as self-supporting projects. The boys took part in the State Farm Safety Program, judging contest, program of work contest, leadership programs, and many other activities. The Future Farmers were honored on their program of work, which rated first in New Hampshire and among the top forty in the United States.

Seven F. F. A. boys went to the National Convention at Kansas City, Missouri. Two of these boys, Lawrence Newell and Robert Licence, were awarded free trips to play in the National F. F. R. Band.

The Walpole judging teams at the State Judging Contest placed first in Dairy and second in Poultry.

The boys had a vegetable and livestock exhibit at the Cheshire Fair. The boys showed eleven dairy animals in the show ring, and took in over \$115 in premiums.

Some of the awards won by the F. F. A. boys during the year are as follows: the Farm Safety Award of \$100, won by the Chapter; the State Mechanic Award of \$100, won by Wesley Staples. Lee Lund was made a State Farmer. William Houghton was awarded a free trip to Harrisburg, Penn., as a member of the New Hampshire Egg-Grading Team.

COMMERCIAL DEPARTMENT

In keeping with the educational trends and the community needs your School Board has inaugurated in the new school building a commercial department. Training in this department is of a vocational nature. Students are learning to be typists, bookkeepers, and stenographers.

Under assets this department lists 12 typewriters in good condition, 2 adding machines, 1 Speed-O-Print Duplicator, and for each student one of the most modern textbooks available. To use this equipment there is a total of 27 students taking typing, 15 students taking bookkeeping, and 11 taking shorthand.

Progressive ideas in the field suggest the use of community facilities for practical training. As the students' mastery of subject matter and fundamental principles increases, an attempt will be made to implement actual training on-the-job.

LIBRARY

This year the School is very fortunate to have a separate room for the library, which is available under student librarian management about two-thirds of every day for the students' reference work. At present writing the library equipment consists of three very sturdy steel bookcases, two excellent reading tables with comfortable reading chairs, and a very fine dictionary stand. By subscription the library takes regularly one daily paper and eight magazines, ranging from Newsweek to Popular Science. Under the supervision of the librarian, students have worked long hours to fit the books for circulation, and to number them according to the Dewey Decimal System of

Classification for libraries. The total number of books ranges just under 1,020. Of this sum, is a generous number of recent books of good quality presented to the Walpole High School Library by the Misses Jennison.

NOON LUNCH

The School Lunch program has been operating since the first day of school with the able assistance of Mrs. Ruth Jeffrey and Mrs. Loraine Libby. We have the Type A program, with meals being served until the close of school in June. The meals are planned by Miss Jane D. Mills. We have a Federally Aided program not depending on the assistance of any other organization or group. The approximate number of students eating in the Cafeteria from grades 1-12 each day is 264.

EXTRA-CURRICULAR ACTIVITIES

The Student Council is made up of the Presidents of the six High School home rooms together with one elected representative from each room. This year Jack Crehore and Donald Hill were the official delegates to the State Conference of Student Councils held at Tilton School for Boys. The Walpole Council plans to send two delegates to the National Conference of Student Councils to be held at Wellesley, Massachusetts in June.

Extra-curricular activities are scheduled through the Council, and recommendations of the Council to the Faculty usually receive unanimous approval. The Council sponsors the bi-weekly newspaper, "The Chick's Chirp."

The school played a six-game schedule in touch-football in the Fall. It is represented in basketball by six teams: Varsity, Junior Varsity, and Junior High teams for both boys and girls. Students who do not play on any of the six organized teams are given several hours each week in the Hubbard Gymnasium.

P. T. A.

The Parent-Teachers Organization meets the first Monday of each month at 8:00 p. m. in the Hubbard Gymnasium. The P. T. A. Auction held last summer netted

over \$2,000, which paid for the elaborate communication system and other specialized, up-to-the-minute equipment. Appreciation is due the Parent-Teachers Organization and the people of Walpole for making possible this excellent modern equipment.

NEEDS

One of the major projects of the current year is to build up the resources of the School Library. It is hoped that other books in the areas of biography, travel, science, research, and the classics may be added through donation.

I would like to thank the School Board, Superintendent of Schools, teachers, parents, students, and citizens of Walpole for their unstinted cooperation and assistance.

Respectfully submitted,

VICTOR N. SANBORN,

Principal, Walpole High School.

REPORT OF THE PRINCIPAL NORTH WALPOLE SCHOOLS

Mr. Theron B. Thompson, Superintendent of Schools,
Walpole, New Hampshire.

Dear Sir:

I herewith submit my annual report on the work and condition of the North Walpole Sschools.

REGISTRATION

Registration as of January 1951, is as follows:

Grade	Boys	Girls	Total
Kindergarten	9	6	15
One	7	10	17
Two	7	8	15
Three	9	6	15
Four	12	6	18
Five	8	11	19
Six	8	6	14
Seven	6	7	13
Eight	10	5	15
	<hr/>	<hr/>	<hr/>
Totals	76	65	141

A very fine record of attendance in all the grades has been maintained. Our tardiness record is also commendable. The few cases of tardiness that we have had, have been due almost entirely to boys of grades seven and eight, who have been late because of Church services. The attendance and tardiness records are a credit to the parents and pupils who have cooperated with the school to make it possible.

SCHOLARSHIP

At present, the scholarship of our pupils is made known to parents through the term reports which are

sent out every six weeks. Judging by the general trends of reporting progress of pupils throughout the country, our present form of report cards is inadequate.

A new type report card, on which a committee of teachers from the district have been working, is in the process of being adopted. This report will attempt to interpret the progress of the pupil in character training as well as in scholarship. It will be sent out to the parents four times a year as it is felt that the traditional practice of issuing reports every six weeks does not allow the child much time to show growth increments.

I urge the parents to inspect the reports sent out by the school and if the marks are not satisfactory, to consult with the school to see if, by cooperative effort, the reasons for such marks cannot be eliminated.

Diagnostic tests in reading and arithmetic were given in grades four, five, and six. From the results of the tests, the remedial work necessary was taught in the phases needing additional drill and study.

The Stanford Achievement test in Social Studies was given in grades three to eight in order to check the program in this study which was introduced last year, as well as the progress of the pupils. The results of the test were used to improve the program and they also showed the areas in which the pupils needed more training in order to meet the objectives set up for the course.

Reports received of our pupils studying in other schools have been gratifying and bear evidence of good basic elementary training.

ORGANIZATION

Teachers' meetings are held on the average of once a month. This year's meetings are being devoted to the subject of reading. The following topics are being considered: "Skills Instruction in Primary Reading" and "Skills Instruction in Intermediate Reading."

The exhibit of the school work and of articles made in the Interest Period of the pupils in all grades, help in

May, was an instructive and revealing display. It gave parents an insight of the nature of the daily work being done by the school, as well as showing them the abilities of their children in creative work, I wish to thank the teachers for their interest and cooperation in preparing for the exhibit.

"Hilltop News," a publication by the boys and girls of grades seven and eight was again favorably received. The pupils of both grades are at present working on this year's issue under the direction of Miss Marshall, their English teacher.

On behalf of the teachers and myself, I extend to Mr. Gray our sincere thanks for his generous gift to the school of a Moving Picture Projector. It has filled a long-felt need in the education of the boys and girls in North Walpole.

The school program in Physical Education, in athletics, and in gatherings of a social nature is somewhat limited, due to the fact that no place is now available to carry on such activities to their fullest extent. I hope that in the near future suitable quarters will be made available to the school so that it can carry out its physical program in order to give the children of the village the development they need along these lines.

The lighting system in the Elisha Keep School, if we wish to keep up with modern practices, should be entirely renovated. Poorly lighted classrooms are not conducive to the best efforts of the pupils.

The teaching staff wish to gratefully acknowledge the cooperation of the Superintendent, School Board, and townspeople in their work in trying to give those placed in their charge the best possible education.

Respectfully submitted,
 JOSEPH Z. DUBE,
 Principal, North Walpole Schools.

VITAL STATISTICS

BIRTHS

<i>Date</i>	<i>Place</i>	<i>Baby's Name</i>	<i>Father's Name</i>	<i>Mother's Maiden Name</i>
